dogs. Alcohol drinking and smoking are not allowed on campus. Taking photographs and video is allowed only to the guardians of Jiyu Gakuen students.

Danish Gymnastics at Jiyu Gakuen

Danish gymnastics are done at Jiyu Gakuen to aid the development of a healthy mind and body. The Festival is an opportunity for all of the students, from little four year old children to twenty-two year old youths, to perform the gymnastics which they study throughout the year. The Gymnastic Festival began as a sports day in 1926. In 1931, a Danish Gymnastic team came to do a performance for our students. In 1933, a Danish woman became a gymnastic teacher at Jiyu Gakuen. And in the following year, two graduates of the school left for Denmark to learn Danish gymnastics for one year and a half and then returned to teach gymnastics. Yoshikazu and Motoko Hani, our founders, found that Danish gymnastics were an appropriate type of physical training that would develop both body and mind. In 1935, the school held the first Gymnastic Festival on the big lawn, and with the exception of the years during World War II and two years when it was cancelled due to rain, the festival has been held annually ever since.
